Building Blocks terminology

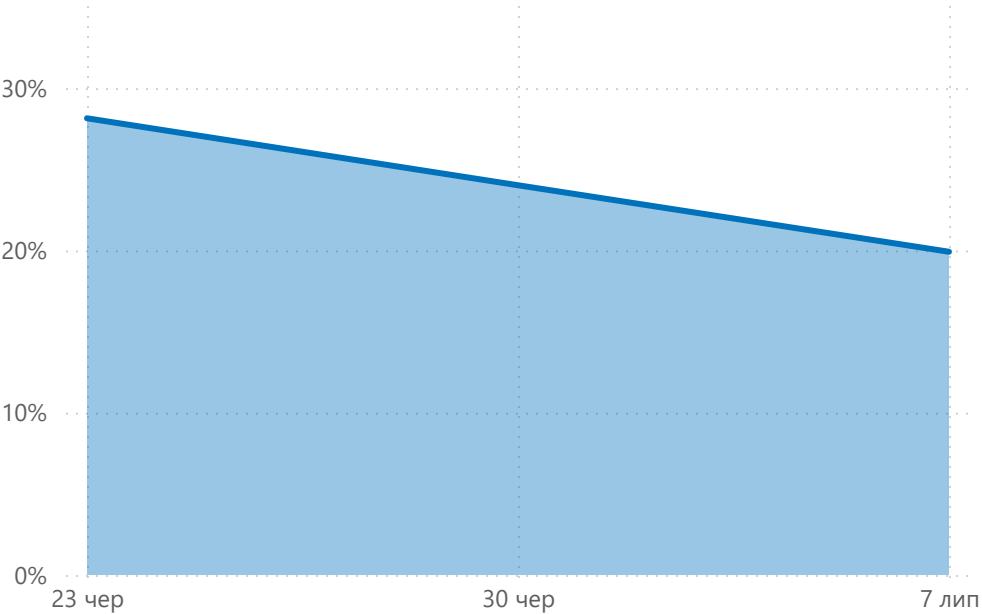

UAOP: Unintended Assistance Overlap Prevention.
HF: Household Focal Point.
HM: Household Member.

IAA (Incremental: Any Amount): *if my assistance overlaps with any existing assistance during the indicated assistance period in my file, regardless of the amount and overlap period of the existing assistance, no additional assistance is shown as being made available by me. For example, if exiting assistance to a household is \$3 from Jan-Mar, and my assistance is \$6 from Mar-May, completely skip my assistance.*

TAA (Total: Any Amount): *if assistance already exists for the households in my list for any amount and any period (past, present, or future), my assistance is prevented.*
